

MOTION FOR IGNITION INTERLOCK DEVICE IN LIEU OF SUSPENSION PURSUANT TO
I.C. 9-30-6-8(d)

The Defendant, by counsel, respectfully requests this Court to order an ignition interlock device in lieu of a license suspension pursuant to I.C. 9-30-6-8(d). In support of the Motion, the Defendant states the following:

The Defendant was arrested and charged with Operating While Intoxicated on [insert date].

1. Upon a finding of probable cause that person has violated I.C. 9-30-5, the Court shall recommend the immediate suspension of the person's driving privileges.
2. I.C. 9-30-6-8(d) states that "[i]f it is determined under subsection (a) that there is probable cause to believe that a person violation I.C. 9-30-5, the court may, as an alternative to a license suspension under subsection (c)(1), issue an order recommending that the person be prohibited from operating a motor vehicle unless the motor vehicle is equipped with a functioning certified ignition interlock device under I.C. 9-30-8 until the bureau is notified by a court hat the criminal charges against the person have been resolved."
3. Because suspension of the Defendant's driving privileges would cause a substantial hardship on the Defendant and his family, the Defendant is requesting that the Court order the installation of an ignition interlock device in lieu of a license suspension for probable cause.

WHEREFORE, the Defendant, by counsel, respectfully requests the Court order the installation of an ignition interlock device in lieu of a license suspension, pursuant to I.C. 9-30-6-8(d) and for all relief just and proper in the premises.
